

2020 Orange County USTA Captain's Only Team ID Numbers

Captains ~ Each team may have one captain or co-captain who registers on the appropriate team number below. The person registering will be charged \$3. After I see the captain registered, I will move you to your team and designate you as captain. (Do not also register directly on your team. Also, if when you go to register on one of the Captain's-Only Team Number, and it tries to charge you more than \$3, DO NOT COMPLETE THE REGISTRATION. Email me about that and I'll investigate.

If you register a co-captain instead of yourself using one of the team numbers below, shoot me an email to let me know who you registered that needs to be move to your team, and the NAMES of the league and flights, and the team number. (I need more than just the team number.) A common mistake captains make, is to accidentally send one of the team numbers below to all their players, believing it's their team number. That results in a bunch of their players registering using the \$3 team, and when this happens, they cannot be moved to their correct team. The \$3 charge represents the TennisLink fee and that is always non-refundable. Players mistakenly registering using the team numbers below will need to re-register using their team's correct team number, causing them to pay \$3 more than was necessary had they not registered directly on the correct number of their team. So please be careful to not give the team numbers below to your players.

oWinter Leagues

18 & Over Mixed Doubles League – 6517507853

40 & Over Adult League – 6517507854

Spring Leagues

18 & Over Adult League – 6517507855
